

The Beatles Rock Band Hofner Bass Directional Pad Replacement

This guide will demonstrate how to replace the directional pad button on the guitar.

Written By: Jacob

INTRODUCTION

This guide is for how to replace the directional pad on the Rock Band Beatles Hofner Bass.

TOOLS:

- [JIS Driver Set](#) (1)
-

Step 1 — Back Plate

- Flip the bass onto its backside, so that the strummer is facing the table and the battery compartment is facing you.
- Use a J1 Phillips head screwdriver to remove ten 5mm short screws.
- Use a J1 Phillips head screwdriver to remove four 5mm long screws.

Step 2

- Flip the bass to the front, with the strummer and fret buttons facing you.
- Use a J1 Phillips head screwdriver to remove two 10mm silver, short screws.

Step 3

- Flip the bass on its back again, so that the strummer is facing down and the battery compartment is facing you.
- Pull off the back whole panel so that the bass is now open.

Step 4 — Directional Pad

- Use a J1 Phillips screwdriver to remove the six screws 10mm around the brown button cover.

Step 5

- Remove the directional pad button,

To reassemble your device, follow these instructions in reverse order.
